# Introducing ProSP-W1.2

## Clear Conversations, Wireless Freedom

The ProSP-W1.2 is a versatile, truly wireless conference speaker-phone kit crafted for any space, from small huddle rooms to large conference areas. Featuring a 4-microphone array and the option to add two wireless extension mics, along with a high-fidelity speaker, it captures clear audio from all directions, no complicated wiring required. Its sophisticated 3A audio algorithm offers echo cancellation, noise suppression, and gain control, so every conversation comes through with clarity. Compatible with Android, Windows, and Mac OS, it connects easily via wireless or USB. With the ProSP-W1.2, smooth and effective communication is always within reach.

## Go Wireless

### Flexible Extension Mics for Dynamic Meetings

Two portable, wireless microphones designed to make conference calls more flexible and engaging. Participants can move freely and speak comfortably, no matter the size of the room. With a pickup range of 6-10 metres, these microphones accommodate groups of up to 10-15 people effortlessly.

# Unmatched Audio Clarity for Every Meeting

## Omnidirectional Voice Pickup

Equipped with a 4-microphone array and two extension mics, capturing voices clearly within a 10-metre range

## Hi-Fi Speaker

Precision-tuned Hi-Fi speaker with enhanced treble and explosion-proof sound treatment for premium audio quality.

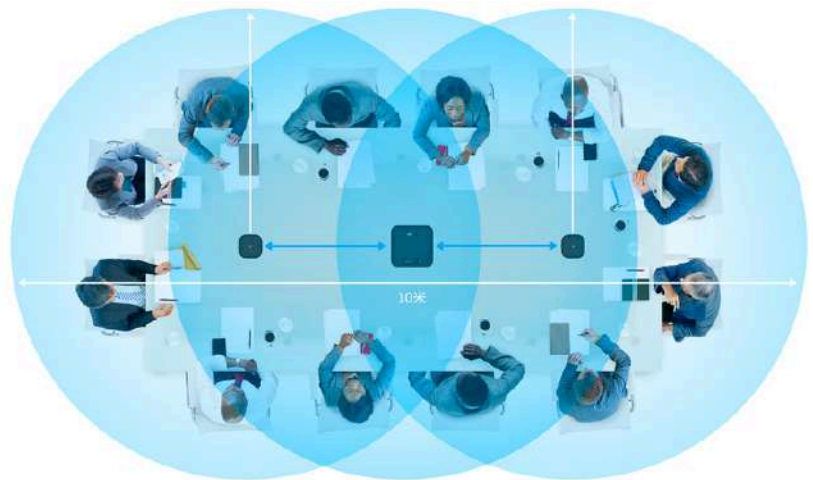

## Flexible Solutions for Every Meeting Size

The ProSP-W1.2 is designed for ultimate flexibility, seamlessly transitioning from small meetings of four to larger gatherings of up to 15 participants. With its omnidirectional microphone array and wireless extension mics, it ensures every voice is captured clearly, enhancing collaboration in any space.

## Effortless Wireless Sound for Any Meeting Space

The UNiQ Wireless Speaker Phone ProSP-W1.2 goes beyond true wireless functionality, offering unmatched mobility to enhance your meeting experience. Its wireless flexibility allows you to position the speaker near the presenter for optimal convenience and clarity. Designed to adapt seamlessly, it meets the diverse needs of rooms of various sizes and layouts.

# Standout Features

## Omnidirectional Voice Pickup:

Experience exceptional clarity with our advanced 4-microphone array, complemented by two wireless extension mics, ensuring effective voice capture from up to 10 metres away.

## Noise Reduction:

Enjoy uninterrupted communication with dynamic noise reduction technology that eliminates background distractions, allowing for smooth and clear video meetings.

## Long-lasting Battery:

The built-in 3000mAh battery powers your conversations for up to 10 hours, ensuring a stable and enjoyable audio and video experience without the need for frequent recharging.

## Wireless Extension Microphones:

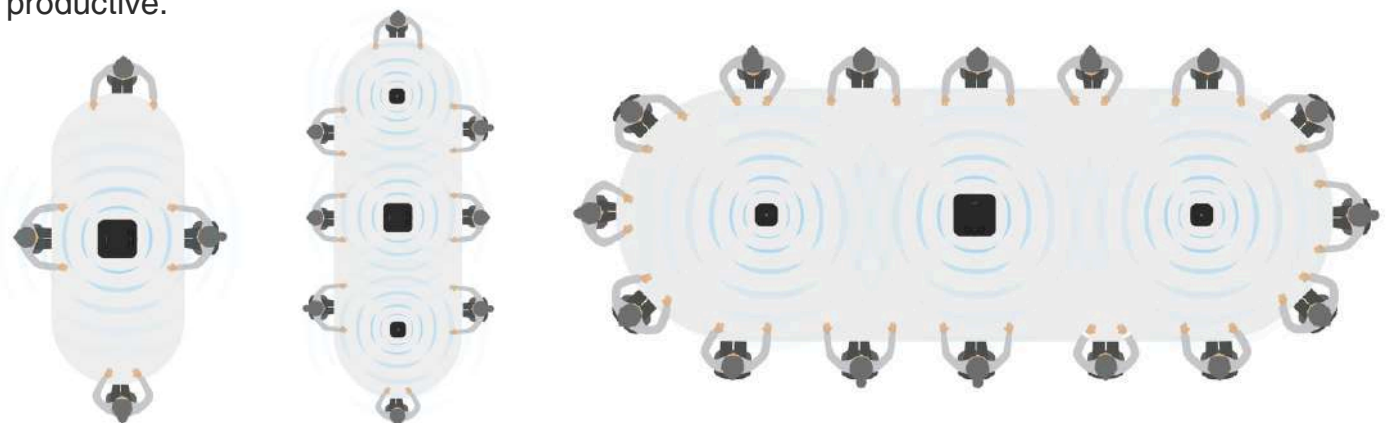

The two wireless extension microphones significantly extend your voice pickup range, accommodating up to 16 participants, making it perfect for larger groups.

## Hi-Fi Speaker:

Experience crystal-clear sound through our finely-tuned Hi-Fi speaker, featuring explosion-proof sound treatment for rich treble and enhanced audio fidelity.

## From Small Teams to Large Gatherings

The ProSP-W1.2 is built for flexibility, handling meetings of 4 to 16 people with ease. It delivers clear sound and smooth performance, making every meeting feel effortless and productive.
