

ProVC-Xtudio Compact

Experience seamless meetings with UNiQ's flagship video conferencing system where sophistication meets functionality

4-K

UNIQ

All-inOne 4K Ai Video Bar with Auto Tracking for Effortless Collaboration

The ultimate all-in-one 4K USB video bar designed for individual and huddle room collaborations. With an upgraded 4K camera, enjoy crystal-clear visuals and smart modes like AI auto framing and speaker tracking to keep you centred on screen.

Its built-in microphone array and speaker feature advanced noise suppression for clear communication. Compatible with all major VC applications, the ProVC-Xtudio Compact offers hassle-free USB plug-and-play operation, transforming distance into an immersive face-to-face experience.

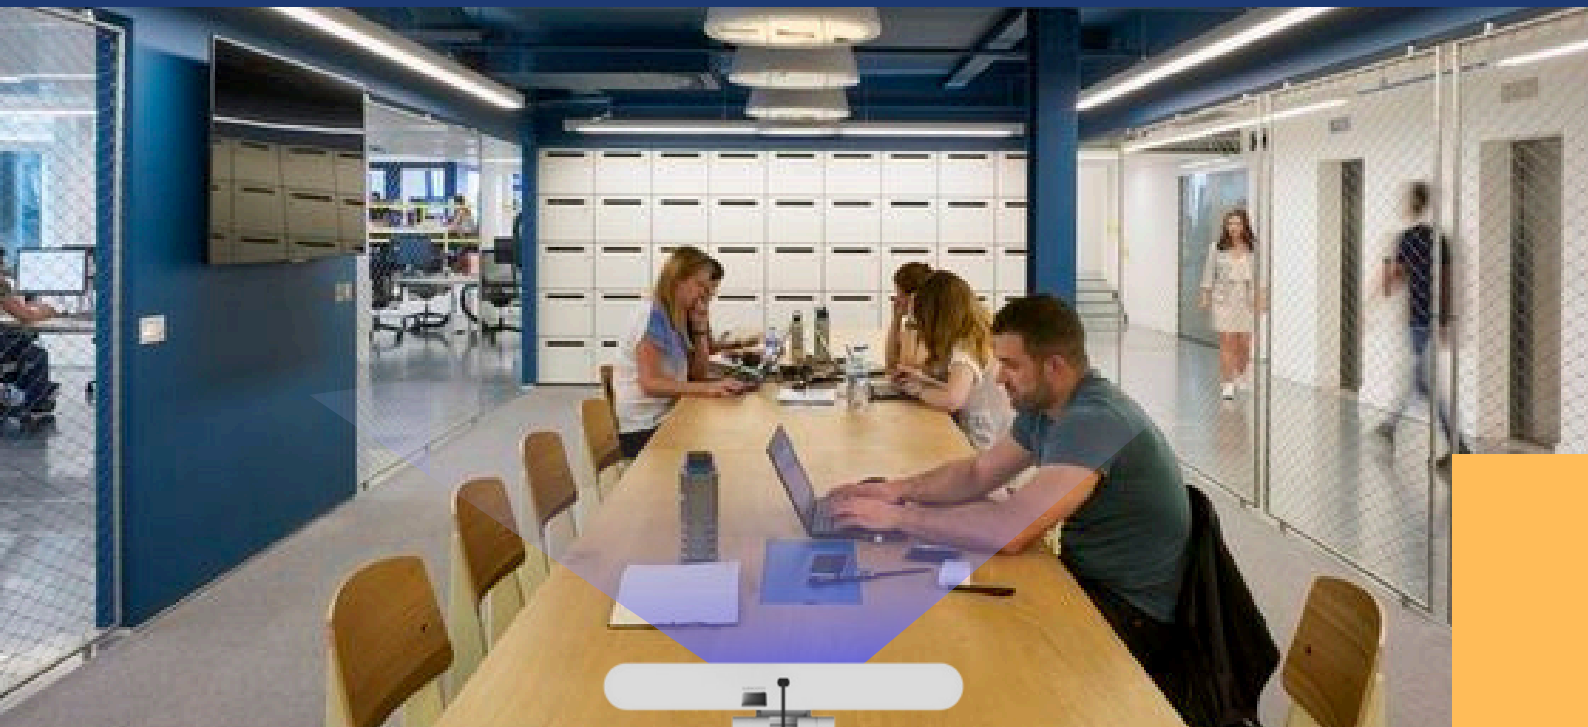

Built-In Microphone

Experience a significant upgrade with the ProVC-Xtudio Compact's dual pickup microphones. With a voice pickup range of up to 7 metres, you'll enjoy crystal-clear audio for smooth video calls hence no additional microphones needed.

Automatic Echo Cancellation

The ProVC-Xtudio Compact features built-in audio DSP for automatic echo cancellation and intelligent noise reduction, ensuring clear audio even in noisy environments.

4K EPTZ CAMERA

Experience stunning Full HD video output with the ProVC-Xtudio Compact. Upgrade to 4K for crystal-clear video calls, supporting up to 1080p at 30 frames per second, perfect for ultra-high-definition communication.

AI FACE TRACKING

With advanced Ai smart zoom and portrait tracking, the ProVC-Xtudio Compact automatically zooms and pans to keep subjects centred, enhancing communication efficiency.

CRYSTAL-CLEAR SOUND CAPTURE

The ProVC-Xtudio Compact excels in sound pickup, delivering clearer and more precise audio even at the same distance as ordinary cameras. Beyond 3 meters, it boasts enhanced sensitivity, reduced interference, and improved stability for a superior listening experience.

Intelligent Features, Seamlessly Integrated with Ai

Crystal-Clear Sound Capture

AI-driven face tracking and auto-framing ensure all participants are captured with precision, keeping focus where it matters most.

Ai Dynamic Speaker Centering

Intelligent speaker tracking automatically centres and follows the active speaker's voice in real-time, maintaining a professional presentation.

Smart Zoom and Tracking Technology with Ai

Experience intelligent subject tracking with automatic zoom, pan, and framing adjustments, enhancing communication efficiency and ensuring a focused meeting experience

112°Wide-Angle View for Stunning Visuals

4K resolution with 4x digital zoom, 112°wide-angle view, and automatic colour balance. Capture everyone in clear, vivid detail.

Enhanced Clarity with WDR Technology

The ProVC-Xstudio Compact accurately balances exposure, ensuring clear and natural images even in high-contrast or backlit environments.

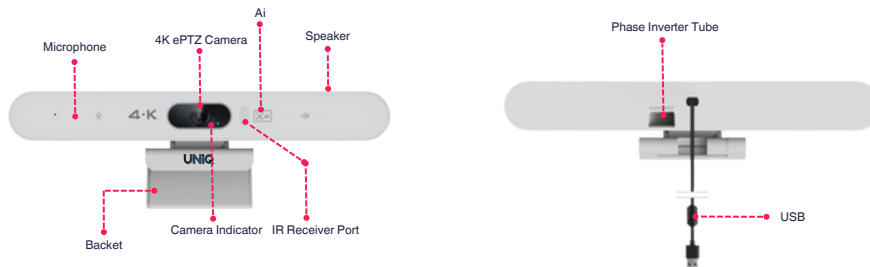

Plug and Play

Effortlessly integrates with your favourite conferencing software; just plug in the 1.8-metre USB cable and start your meeting on any PC or UC platform.
